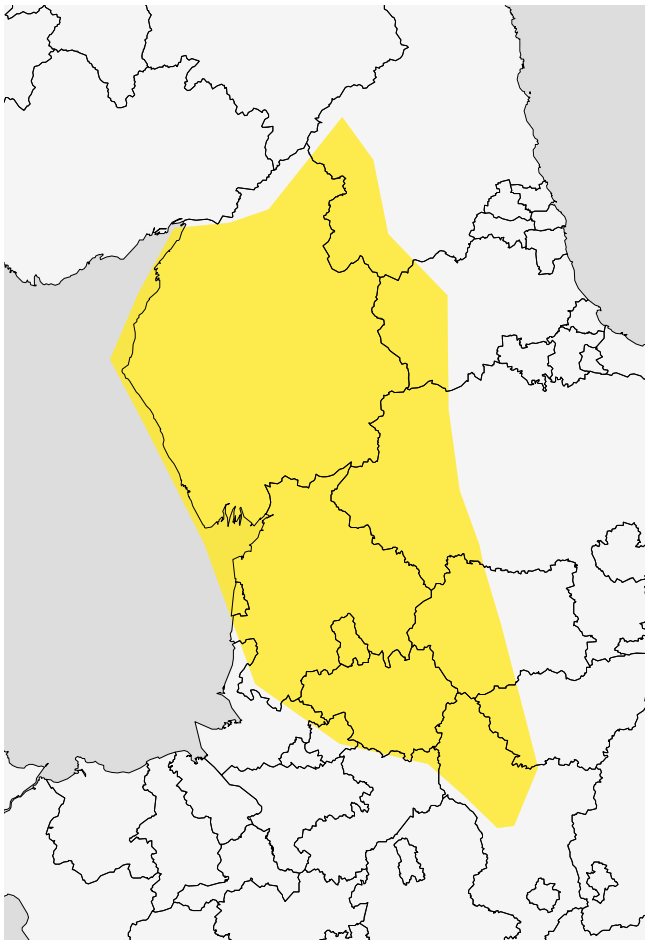
**Rain**

Between
**12:00 Fri 28 Feb 2020** and
**09:00 Sat 29 Feb 2020**



## Heavy rain may lead to some flooding and disruption to transport.

### What to expect

- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Flooding of a few homes and businesses is likely

### Further details

Spells of heavy rain are likely to affect parts of northern England during the second half of Friday through to Saturday morning. Some 15-30 mm of rain is likely quite widely in the areas covered by the warning, with 40-60 mm likely on the highest ground. The heaviest rain is most likely on Friday night before clearing eastwards on Saturday morning.

### Reason for update

The area over northwest England has been expanded southwest across more of Manchester. Wales is now covered by a separate yellow warning.
